FACILITY

Why This Matters

Malaysia's waste challenge is real — and growing.

Every day, thousands of tonnes of waste are generated, while landfill space continues to shrink.

We need solutions. We need partners.

Together, we can keep waste out of landfill.

38,000

Landfill capacity
is running out.

**Act now for a
sustainable future.**

**ZERO
WASTE TO
LANDFILL**

Small changes, big impact

What is ZWTL?

A collaborative ecosystem driving waste out of landfill.

ZWTL connects waste generators with trusted waste neutralisation partners to ensure waste is recovered, recycled, composted or converted — not landfilled.

Our goal:

Divert waste.
Create impact.
Build a circular Malaysia.

You are a key part of the ZWTL ecosystem.

THE ZWTL ECOSYSTEM

Together, we close the loop and build a Zero Waste to Landfill future.

VERIFICATION & IMPACT

Why Become The ZWTL Partners?

ZERO
WASTE TO
LANDFILL

Join a growing network of organisations committed to zero waste to landfill and unlock powerful benefits for your business and the environment.

Business Growth Opportunities

Receive business referrals from organisations participating in the ZWTL Programme.

Stronger Partnerships

Collaborate with manufacturers, collectors and industry stakeholders across the ZWTL ecosystem.

Greater Visibility

Be featured in the ZWTL Partner Directory and Digital Platform.

Credibility & Trust

Strengthen confidence as a recognised ZWTL Waste Neutralisation Partner.

Performance Analytics

Track recovery volumes, client referrals and verified landfill diversion through the ZWTL Digital Platform.

High-Quality Recyclable Materials

Receive cleaner, better-segregated recyclable materials through ZWTL participant education and improved source segregation.

Who Can Join as a ZWTL Waste Neutralisation Partner?

We welcome organisations that recover, recycle, compost or convert waste to value.

Material Recovery
Facilities (MRF)

Plastic
Recyclers

Paper
Mills

Metal
Recyclers

Glass
